#### STOP DRINKING!

Orrine Will Destroy all Desire for Whiskey or Beer—A Guav-anteed Cure.

Nearly every drinking man thinks that sometime he will quit. He often swears off, but can not resist the craving for drink, and the disease, for this is what it really is, becomes so firmly fixed that it cannot be cured without medical treatment.

it really is, becomes so firmly liked that it cannot be cured without medical treatment.

A Michigan druggist, H. G. Coleman, has made a thorough study of the various cures for the liquor habit, and gives this as a result of his investigations: "Before taking the agency of Orrine. I went to considerable trouble to learn about it and became confident that it was a thoroughly honest preparation and put out by an honorable firm. I have sold it for years and can truthfully say that my confidence in it grows stronger the more I see of its results. I believe that any man who really desires to be cured of the liquor habit can cure himself with the help of Orrine and be rid of the had effects which the habit has upon himself and family."

Orrine is in two forms, No. I, the secret remedy which can be given without the knowledge of the patient; No. 2 for those who take the remedy of their own free will. A cure is absolutely guaranteed with either form of treatment. Write for free pamphlet on the cure of alcoholism to the Orrine Co., Washington, D. C.
